

Compatibility

## Description

**Calibrator and programmer** for all **analogue and digital tachographs**, mainly use in vehicle inspection stations for checking the speed limiter in tachographs.

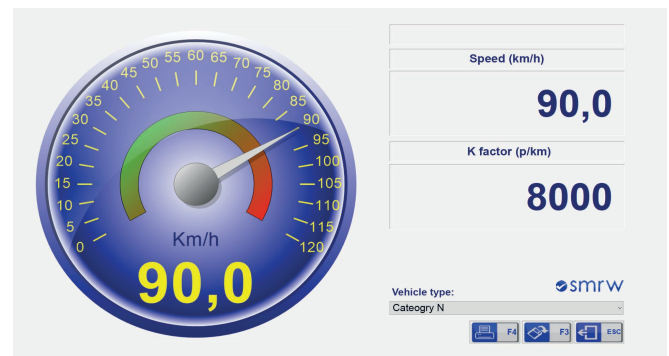

- ✔ "W" Measurement factor (manual and photocell)
- ✔ "K" Measurement factor
- ✔ Parameter configurator
- ✔ Bench test (manual and automatic)
- ✔ Odometer test
- ✔ Reading DTC's (installers only)
- ✔ Sensor matching (KITAS)
- ✔ Clock test

## Technical Data and Dimensions

<b>Conection</b>	Bluetooth
<b>Display</b>	Backlighth LCD
<b>Power supply</b>	9 - 30 VDC
<b>Made of ABS (IP40)</b>	
<b>Supply current</b>	12 mA
<b>Operation temperature</b>	0 - 70 °C
<b>Dimensions</b>	150 x 100 x 45 mm
<b>Weight</b>	155 g
<b>Internal flash memory</b>	

## Software

## Standard Equipment

- ✔ Speed limiter RY-400 V2
- ✔ Bluetooth receiver
- ✔ Battery
- ✔ Lighter charger
- ✔ 12 V power supply
- ✔ 1319 cable for MOT
- ✔ 1318 cable, 1314 flat DC test cable
- ✔ Transport suitcase
- ✔ Software SMRW for analysis and data submission

## Supported Tachographs

## Optional Equipment

Optional Equipment
ENAC certified
